How much will my treatment cost?

To receive free physiotherapy, you must have a referral from your doctor and be one of the following:

- Be 19 years old or younger
- Be 65 years old or older
- Be receiving benefits under the Ontario Disability Support Program
- Be receiving benefits under Family Works
- Have been overnight in hospital for a condition now requiring physio

If you do not fit the above criteria and don't have private coverage, there will be a charge for each visit (usually between \$30-\$50).

Free physiotherapy is also provided by physiotherapy students at the YMCA (call 905 529-7102 x 5024). There will likely be a waiting list for this.
